THE AIMS OF THE PROJECT

Facilitate the **application of ECVET** by vet stakeholders, testing it in the cleaning sector.

Identify and test practical solutions to facilitate the development of **innovative practices in vet**, and their transfer.

Application of the **VQTS model**, successfully tested at the EU level, to analyze competences and their development in the cleaning sector in order to facilitate permeability and transfer of qualifications.

Test of a **qualification procedure**, including validation of competences acquired in non formal and informal contexts, for workers of the cleaning sector in order to recognize the prior learning.

Design and realize a **training model** ensuring the recognition of credits and partial qualifications.

EXPECTED RESULTS

- Report on the cleaning sector in Europe, focusing on work conditions and qualifications in each country.
- Comprehensive VQTS Matrix defining competences and steps of professional development in the cleaning sector.
- ECVET coherent qualification procedure in the Cleaning sector.
- Guidelines for valuing informal and non formal learning.
- A flexible modular qualification path, to be tested in Switzerland.
- A valorization campaign: cleaning with quality and competence!
